# 1. License & Authority

The Deployment AI Governance Standard (DAGS) is a publicly available governance standard made available for reference and implementation.

All intellectual property rights in DAGS, including the standard text, structure, methodology, and interpretive guidance, are retained by the DAGS Governing Body.

Public availability of this document does not grant any license or right to use DAGS for commercial, advisory, certification, assurance, or assessment purposes.

Such uses may require separate authorization or licensing from the DAGS Governing Body.

No rights are granted by implication, estoppel, or public distribution.

Editorial, interpretive, versioning, and equivalency authority is retained exclusively by the DAGS Governing Body. No third party may issue authoritative interpretations, certifications, or compliance determinations without explicit written authorization.
